Ministry of Health, Nutrition & Indigenous Medicine

To All Pre Intern Medical Officers

Compulsory Accident & Emergency Care Scenario Training for the Pre Intern Medical Officers

The Ministry of Health is committed to provide a comprehensive Health care services to all the Victims of Accidents and Emergency conditions, since it reflects the quality of Health care services in the country and the patient's future depends on it.

Therefore these services should provide by a competent health staff especially in the golden hour of the event. As to achieve this excellence in service, Ministry of Health has identified that the treatment given at the first contact with Health care service are vital and lifesaving.

As it is mentioned in the Accident & Emergency care policy, Ministry of Health-Medical Services Branch with collaboration of Professional Colleges of Sri Lanka will Conduct Accident & Emergency Care Scenario Training for all Pre Intern Medical Officers in 2018 June Intake batch.

All training courses will be held in selected Institutions, Registrations are through on line process: please follow the following links:
