Re: Validation and facilitation for New Medical Technology Innovations

Many New Medical Technology Innovations have been reported in Sri Lanka with this COVID – 19 outbreak. It is essential to validate before production and usage in Medical field. It is suggested that Medical Technology Improvement (MTI) cell under the purview of Deputy Director General Medical Services I to coordinate and facilitate the validation of these equipments by an expert pannel in related areas with assistant of MRI, BME services etc.

Therefore, I shall be much appreciated if you could submit these New Innovative Medical Products and Equipments for validation to MTI unit in Ministry of Health.

Thank You

Dr. Ani Jasinghe

Director General of Health Services

Cc. Hon. Minister of Health

Secretary of Health

Additional Secretary Medical Services / Public Health

All DDGs
