INTRODUCTION

The Bibliography of New acquisitions of the Ministry of Health Library is published for the first time with the objective of user awareness of its valuable collection, especially for the awareness of Health professionals those who are engaged in research and higher studies in the Health sector.

This publication covers new books acquired by the Ministry of Health Library within the period of 2011–2012. **Anglo American Cataloguing Rules 2nd ed, (AACR2)** is used for Cataloguing and the classification of books based on **Universal Decimal Classification System**. Alphabetically arranged Author, Title, Subject indexes and the list of abbreviations are given in this. An example of the Catalogue entry is also included.

The Library hopes to continue further this publication yearly. Users are invited to bring to the notice of the Ministry of Health Library, if any short coming found in this publication and any suggestions to develop this publication for easy retrieval of information to users.

FORWARD

It is pleasure to observe that the library of the Ministry of Health is making some innovative changes, targeting on making this valuable centre of knowledge, more user friendly and useful. This library has a rich collection of books and other educational materials which have been used extensively by many categories of health staff of the Ministry of Health. It is well known, when an internal arrangement of an academic centre is in appropriate and methodological manner, it's utilization is enhanced. Books are useful only when they are read by not few, but many. It is also true that the internal arrangement of a library should be considerably user friendly to select books quickly for reference or borrowing

In this context, I do appreciate the innovative effort shown by Mrs. Hettiarachchi, Librarian. I do hope also this new method will be very much beneficial to the wide range of users of the library.

Dr. Sunil de Alwis

Consultant, Health Management

Deputy Director General (Education, Training & Research)

Ministry of Health

ACKNOWLEDGEMENT

This Bibliography of New Acquisition is compiled as a new effort of awareness of the users of the library about new additions of its valuable collection. This effort would not be success without the support of many persons. I express my sincere gratitude Dr. Sunil de Alwis ,DDG (E,T&,R) of the Ministry of Health who always encouraged me towards the new achievements of the library. I also thankful to Dr. Anton Thisera , Director (Training) of the Ministry of Health. My special thank is given to Miss Thilini Nisansala Somarathna , Graduate Trainee of the Library, for her immense contribution to the success of this. I am also grateful to the members of the library staff, Mr. Wilbert Ranasinghe and Miss. Duleeka Wanasinghe for their continuing support in preparation of this Bibliography.

Finally, I am very thankful to the staff of the ETR Unit of the Ministry of Health.
