Dear WHO Member States,

You are invited to a virtual information session regarding *Emergency and Critical Care for Universal Health Coverage* on Thursday 27 October 2022 from 15:30 to 16:30 CET.

In line with Resolution 72.16: Strengthening Emergency Care Systems, and in response to high-priority system gaps identified globally through the COVID pandemic, WHO has created a suite of tools and resources to strengthen the capacity of health systems to

deliver emergency and critical care. The toolkits include resources for use at both the system level and in service delivery settings. This session will explore how these toolkits can help achieve UHC, as well as the critical role of emergency and critical care as essential health services.

The presentation for the session can be accessed at [WHO | Member States Programmatic Information session](#).

Below is the agenda:

Welcome Address Dr Rudi Eggers, Director, Integrated Health Services

Emergency and Critical Care Toolkits Dr Lee Wallis, Lead Emergency Care, Clinical Services and Systems

Country Case Study: Ethiopia Dr Alegnta Gebreyesus Guntie, Attaché (health affairs), Permanent Mission of the Federal Democratic Republic of Ethiopia, Geneva

Strengthening services through emergency and critical care: Maternal and child health Dr Allisyn Moran Unit Head, Maternal Health Unit

Questions & Answers Dr Teri Reynolds, Unit Head, Clinical Services and Systems

Wrap up and end of session Dr Lee Wallis, Lead Emergency Care, Clinical Services and Systems

Interpretation will be available in all official languages. Kindly ensure to use the naming convention (MS Country - Full Name) when joining the session.
