Dear Sir/Madam,

### Greetings from Indian Institute of Public Health-Delhi (IIPH-D), Public Health Foundation of India (PHFI)!

PHFI is a public private initiative that has collaboratively evolved through consultations with multiple constituencies including Indian and international academia, state and central governments, multi & bi-lateral agencies and civil society groups. The PHFI focuses on broad dimensions of public health that encompass promotive and preventive health related services in India. One of the core mandates of PHFI is to institutionalize public health by creating Indian Institutes of Public Health (IIPH) across the country. Since inception, five institutes have been operationalized, one each in Gandhinagar (Gujarat), Hyderabad (Telangana), Delhi, Bhubaneswar (Odisha) and Shillong (Meghalaya). These institutes, established under the aegis of the Foundation, offer various on campus academic programs, eLearning programs and short-term training programs in various public health domains and are engaged in program and policy relevant research.

**For the academic year 2022-2023, we are pleased to announce 'Call for Applications' for the following eLearning programs offered by Indian Institute of Public Health-Delhi, PHFI :**

For more details on eligibility criteria, program information and submission of online application, please click on the respective program name link above or visit the **PHFI Centre for eLearning:** <https://cdl.phfi.org/portal/courses> and select the program you are interested in.

We request you to kindly circulate the course information among your professional colleagues to inform the interested and eligible candidates about the course. We sincerely hope that you will encourage students, program officers, managers, volunteers and other technical experts to enrol in this learning opportunity. This will help us to purposefully engage in capacity building of professionals in the field of Public Health.

For further enquiries, please contact the undersigned. We would be happy to respond to your queries.

Thanks & regards,

**Manager (eLearning)**
